PROFESSIONAL EXPERIENCE

GLOBAL EDUCATION OFFICER

New York University Abu Dhabi

September 2024- Present

- Coordinate international student initiatives, organizing events to promote global engagement.
- Manage logistics for study-away programs, including travel arrangements and educational workshops.
- Provide peer mentorship and support to international students, helping with cultural transitions.
- Assist in organizing cross-cultural events and workshops to foster collaboration among students.

ADMISSIONS AMBASSADOR

New York University Abu Dhabi

September 2024- Present

- Serve as a point of contact for prospective students and their families, providing detailed information about NYUAD's programs, student life, and admissions process.
- Assist with open house events, campus tours, and recruitment activities, representing NYUAD's values and commitment to diversity and inclusion.
- Share personal experiences as an NYUAD student to help prospective applicants understand the academic and social environment.

PROJECTS

STORKCARE+ MOBILE APP

GitHub Repository: <https://github.com/Khaleeks/StorkCare->

August 2024- Present

- Currently developing a mobile app for iOS, focused on providing health tracking and telehealth scheduling for expecting mothers. Built using Swift and Xcode, the app includes planned features like baby development tracking, health data entry, and personalized reminders for medication and appointments. Collaborating with a team to design an intuitive user interface inspired by Apple's Health app, utilizing color schemes and layouts to enhance user experience.

INTERACTIVE WEB DESIGN PROJECTS

GitHub Repository: <https://github.com/Khaleeks/Khaleeks.github.io>

August 2024- Present

- Developed a series of interactive web projects, exploring HTML, CSS, JavaScript, and multimedia design techniques. These projects feature scroll animations, embedded videos, and sound for immersive storytelling experiences. Designed custom graphics and illustrations using Adobe Illustrator and Photoshop, integrating multimedia elements to enhance user engagement and visual appeal.
